

# Abeer Mathur

Email: abeermathur7@gmail.com \* Phone: 267-300-5345 \* Website: abeermathur7.github.io/portfolio/

## SKILLS

**Tools:** Python (numpy, sklearn, pandas, matplotlib, XGBoost) \* SQL \* Java \* PowerBI \* R (dplyr, tidyverse, ggplot2) \* Docker \* Linux \* Git \* Hadoop \* Scala (Spark) \* Azure DevOps \* Tableau \* KQL \* Android Studio \* Figma \* Azure

**Techniques:** Agile \* ETL \* Statistical Modeling \* Machine Learning \* Artificial Intelligence \* Data Visualizations \* Data Analysis \* Data Cleaning \* Object Oriented Programming \* CI/CD \* DevOps

## EXPERIENCE

### Data Science Intern (Database Redesign/API Performance Degradation Analysis)

Remote, PA  
Jun 2023 – Aug 2023

Constellation Energy

- Redesigned and optimized an Oracle SQL database for a customer-centric application serving 200,000 users by utilizing Agile design practices, resulting in a 44% reduction in database size.
- Analyzed inefficiencies in performance and runtime for API endpoints by writing KQL queries and building a PowerBI dashboard, leading to improvements in performance and runtime.

### Data Scientist (Autonomous Vehicle Project)

State College, PA  
Jan 2023 – Present

Penn State Advanced Vehicles Team

- Collaborated with a small sub-team and partnered with General Motors to help build a level 4 autonomous vehicle.
- Collected and calibrated (Cepton) LiDAR and (Delphi) Radar outputs by publishing the raw data to a ROS topic.
- Streamlined the Radar data collection process by running a Python script in Docker to convert raw data into usable 3D coordinate data.
- Utilized the data to train a “YOLO” machine learning model to detect pedestrians and objects from up to 175m.

### Assistant Data Scientist (Addiction Dashboard project)

State College, PA  
Oct 2021 – May 2022

Department of Human Development and Family Studies

- Extracted and cleaned geolocation data pertaining to recovering addicts through SQL and R programming.
- Examined the dataset and built functioning data visualizations like charts and digital line graphs in Tableau.
- Analyzed the dataset and synthesized key findings in a formal presentation to my team.

### Lead Data Scientist (KCF Industry 4.0 project)

State College, PA  
March 2022- Apr 2022

KCF Technologies (Automotive Company), Engineering Leadership Society Volunteer

- Collaborated to collect survey data from major automotive companies regarding Industry 4.0 Practices.
- Developed visualizations on the survey data using Tableau and presented our findings to company executives.

### Artificial Intelligence Tic Tac Toe Game

State College, PA  
June 2021 – July 2021

Personal Project

- Employed my knowledge of object-oriented programming, data structures, and algorithms concepts to apply the “minimax” algorithm and build a two-player AI(Artificial Intelligence) Tic-Tac-Toe game in Java.
- Integrated a GUI that supports a two-player system through the JOptionPane library.

### Android App Development (CodePath)

State College, PA  
June 2021 - July 2021

Personal Project

- Incorporated Agile programming methodologies to create clones of apps such as Instagram, Twitter, and Flickr.

## EDUCATION

### The Pennsylvania State University, College of Engineering

University Park, PA  
May 2024

Bachelor of Science in Computational Data Science

Minor: Mathematics, Statistics

**Relevant Coursework:** Data Structures and Algorithms, Programming in Python, Data Management for Data Science, Statistics, Probability, Artificial Intelligence, Web-based Object-Oriented Programming, Machine Learning, Big Data (Scala, Hadoop).

## LEADERSHIP / VOLUNTEER

### Statistics Club

State College, PA  
2023-2024

Vice President

- Lead club activities, organized club social events, spoke to sponsors and companies to organize talks, trips, and activities for club members.

### 50/50 Raffle

State College, PA  
November 2022

Volunteer Sales associate

- Sold **\$3090** in raffle ticket sales in 3 hours through my excellent communication and negotiation skills.
- **Ranked 1<sup>st</sup>** out of 25 sales representatives at the event while being the only individual seller in the group.

### Abba Java Coffee

State College, PA  
2020 – Present

Barista

- Serve coffee and help distribute food, clothing, and other goods to students and those in need in the State College community.
