# **Abeer Mathur**

Email: abeermathur7@gmail.com \* Phone: 267-300-5345 \* Website: https://abeermathur7.github.io/portfolio/

#### **EDUCATION**

The Pennsylvania State University, College of Engineering

University Park, PA

Bachelor of Science in Computational Data Science GPA: 3.5/4.0

May 2024

Minor: Mathematics, Statistics

**Relevant Coursework:** Data Structures and Algorithms, Programming in Python, Data Management for Data Science, Statistics, Probability, Artificial Intelligence, Web-based Object Oriented Programming, Machine Learning, Big Data (Scala, Hadoop).

#### **SKILLS**

Python (numpy, sklearn, pandas, matplotlib, XGBoost) \* SQL \* Java (JOptionPane) \* Tableau \* R (programming language) \* Docker \* Linux \* Git Hadoop \* Scala (Spark) \* Azure DevOps \* PowerBI \* Statistical Modeling \* Machine Learning \* Artificial Intelligence \* Data Visualization \* Data Analysis \* KQL \* Android Studio \* Figma \* Agile \* Azure \* ETL \* Time management\* Negotiation \* Leadership

#### **EXPERIENCE**

# Data Science Intern (Database Redesign/API Performance Degradation Analysis)

Remote, PA

Constellation Energy

June 2023 – Present

- •Redesigned and optimized an Oracle <u>SQL</u> database for a customer-centric application serving 200,000 users, resulting in a remarkable <u>44%</u> reduction in database size.
- •Analyzed inefficiencies in performance and runtime for API endpoints by writing <u>KQL</u> queries and building a <u>PowerBI</u> dashboard, leading to improvements in performance and runtime.

# **Data Scientist (Autonomous Vehicle Project)**

State College, PA

Penn State Advanced Vehicles Team

Jan 2023 – Present

- Collaborated with a small sub-team to help build a level 4 autonomous vehicle in a project partnered with General Motors.
- Collected (Cepton) LiDAR and (Delphi) Radar outputs by publishing the raw data to a *ROS* topic.
- Calibrated the LiDAR and Radar data by testing and analyzing the outputs in a Docker container.
- Streamlined the Radar data collection process through a <u>Python</u> script that provided usable 3D coordinate data.
- Utilized the data to train a "YOLO" machine learning model to detect pedestrians and objects from up to 175m.

#### **Assistant Data Scientist (Addiction Dashboard project)**

State College, PA

Department of Human Development and Family Studies

Oct 2021 - May 2022

- Utilized <u>SQL</u> and <u>R programming</u> skills to extract and clean geolocation data pertaining to recovering addicts.
- Examined the dataset and built functioning data visualizations like charts and digital line graphs using Tableau.
- Analyzed the dataset and synthesized key findings in a formal presentation to my team.

## Lead Data Scientist (KCF Industry 4.0 project)

State College, PA

KCF Technologies (Automotive Company), Engineering Leadership Society Volunteer

March- April 2022

- Worked collaboratively to collect survey data from major automotive companies regarding Industry 4.0 Practices.
- As the lead data scientist, created visualizations on the survey data using Tableau and debriefed my team on my findings.
- Led the team and presented our findings to company executives in a 25-minute-long formal presentation.

## **Artificial Intelligence Tic Tac Toe Game**

State College, PA

Personal Project

June 2021 – July 2021

- Utilized my knowledge of data structures, algorithms, and object-oriented programming concepts to apply the "minmax" algorithm and build a two-player <u>AI(Artificial Intelligence)</u> Tic-Tac-Toe game in <u>Java</u>.
- Integrated a GUI that supports a two-player system through the JOptionPane library.

## **CodePath Android Development**

State College, PA

Personal Project

June 2021-July 2021

• Incorporated Agile programming methodologies to create clones of apps such as Instagram, Twitter, and Flicker (check website).

## LEADERSHIP/ EXTRACURRICULARS

**Statistics Club** Vice President State College, PA

2023-2024

• Lead club activities organized club social events, spoke to sponsors and companies to organize talks, trips, and activities for club members.

#### 50/50 Raffle

State College, PA November 2022

Volunteer Sales associate
• Sold \$3090 in raffle ticket sales in 3 hours through my excellent communication and negotiation skills.

• Ranked 1st out of 25 sales representatives at the event while being the only individual seller in the group.

#### Abba Java Coffee

• Ranked 1 out of 25 sales representatives at the event while being the only individual sener in the group.

#### Abba Java Cone Barista

State College, PA 2020 – Present

• Serve coffee and help distribute food, clothing and other goods to students and those in need in the State College community.
